THANK YOU. By choosing us today you're helping support and keep alive another small business. A business that in turn supports local people and their families alongside local suppliers. Your custom today isn't paying for a bonus to a CEO atop of an empire, it is instead keeping alive an independent business run by local people. Keeping a dream alive so that one day we can sit back and tell our little boy all about the early years of his life & the madness around him. So thanks to you for being part of our story.

OUR STORY - A BIT ABOUT US

We are a small independent business run by a local couple who believe in utilising the best that our wonderful county & country has to offer. We always strive to support our fellow local small business owners wherever possible and we hope this is something you can recognise both in your surroundings and on your plate. We thank you for doing the same with us here today.

Our beautiful surroundings here in our listed Mill are something which our dreams are made of. If buildings could talk the walls that surround you would have stories to tell as far back as the 1400s - from the cotton mills of Henry VIII to our small part of the building's journey you sit in today. We hope you enjoy the company of those who join you by making the most of your time together and are able to embrace the history around you while being served by our wonderful staff.

We hope you manage to join us in escaping a little & that you enjoy your visit to our little piece of Northamptonshire.

WE ARE MORE THAN JUST A TEAROOM ...

Not only are we lucky enough to run our business in this wonderful building but we also have a 2 bedroom holiday let available to rent for short breaks. Ideal for the numerous events we run throughout the year or if you fancy an escape from the world!

In other news - have you tried our other venue? The Grain Store Coffeehouse in Woodford is only a mere 2.3 miles from here and features the same great locally sourced food with a different environment and vibe. [Ask a member of staff for details!](#)
